DETAILED ACTION

1. This communication is in response to amendment filed 1/7/05.

Response to Amendment

2. Claims 6, 9-11, 13-14, 16-17 and 19-27 have been amended and new claim 28 has been added. Claims 1-5, 8-34 and 37-58 are currently pending.

Response to Arguments

3. Applicant's arguments have been fully considered and are persuasive. The rejection of claims under prior art of Brown reference has been withdrawn.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1-5, 8-34 and 37-58 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 as amended recites limitation "subscribing to a pre-determined event type by the queued component client". The process of subscribing does not relate to the subsequent steps

Art Unit: 3624

because the receiving step is carried out regardless of the subscribing. Likewise, the processes of capturing and consuming are performed independent of the subscribing and the receiving steps.

6. Claim 1 further recites the limitation "the event message" in the process step "capturing and consuming". There is insufficient antecedent basis for this limitation in the claim.

7. System claim 30 correspond to the method claim and contains similar defects.

Dependent claims inherit deficiencies of respective parent claims.

Claim Objections

8. Claim 13 is objected to because of the following informalities: it does not have punctuation mark (i.e. period). Appropriate correction is required.

Conclusion

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

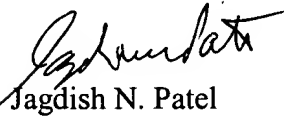

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
